DETAILED ACTION

Response to Amendment

1. The amendment filed February 22, 2006 has been entered and claims 20-26 have been cancelled.

Election/Restrictions

2. This application is in condition for allowance except for the presence of claims 11-18 directed to an invention non-elected without traverse. Accordingly, claims 11-18 have been cancelled.

Allowable Subject Matter

3. Claims 1 and 5-10 are allowed.
4. The following is an examiner's statement of reasons for allowance: The prior art fails to disclose a method of forming a contact to an underlayer of a device comprising, inter alia, forming a contact hole barrier material in a contact hole, after wet etching the contact hole, thereby filling voids in a first barrier layer caused by the wet etching, the contact hole barrier material being continuous between sides and bottom surface of the contact hole. The above limitations in combination with other claim limitations are not taught or fairly suggested by the prior art nor would it be obvious to modify the references of record so as to manufacture the contact to an underlayer of a device of the instant application.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
